

**TRECCERT**

## **LEAD IMPLEMENTER TRAINING COURSE**

The Lead Implementer training course is a professional-level course developed based on the ISO 19600 guidelines. In this four-day course, participants are provided with a practical understanding of how to establish, implement, management and improve a compliance management system.

# AUDIENCE AND COURSE OBJECTIVES

The Lead Implementer training course is developed for members of a compliance team, personnel involved in MS implementation or auditing, and professionals wanting to increase their competency in implementation of any management system.

This training provides in-depth explanation of key concepts, guidelines, and a structured implementation approach for a management system.

## COURSE CONTENT

DAY  
**01**

Introduction to Compliance Management Systems

DAY  
**02**

Initiation Phase

Establishment Phase

DAY

# TRAINING COURSE MATERIALS

WE DEVELOP FOR THE PEOPLE.

The Lead Implementer Training Course is packed with the Trainer Slides that will be presented by the trainer, and the Training Handbook for candidates. This course contains also a case study that will help participants to examine particular situations related to a management system (MS) implementation with the main objective of adopting the ISO 19600 guidelines.
